ABOUT THE DEPARTMENT

Department of Computer Science and Engineering (CSE) is one among the leading and oldest departments of Sathyabama Institute of Science and Technology. The department is reputed for its excellence in teaching and training engineering students for generations since 1987. The department caters Under Graduate, Post Graduate and Ph.D. courses in all the specialized areas of computing. The CSE department has pioneered in setting education standards par excellence that can be sensed by the presence of alumni in all the leading Multinational software firms like Microsoft, Infosys, Oracle, Verizon, Virtusa, Cognizant, Wipro etc. The department is enriched with well qualified, experienced and dedicated faculty members. Endowed with futuristic vision of generating sustained quality manpower for the ever-increasing global demand of software firms, the CSE department is equipped with state-of-the-art facilities to provide excellent and live training for the budding engineers. These facilities include collaborative research labs from Virtusa and CISCO with cutting-edge technologies and software that are housed in more than 10000 sq.ft buildings with multiple floors. The organizational hierarchy for smooth dissemination of teaching and research operations in the department is made effective by 96 committed faculties and 15 technical support staff.
